### Small is beautiful

The Tweed is a new, compact, freestanding roll-top, based on an 18th century bateau bath. At just 1.5m long and 522mm high, it's Drummonds' smallest bath, perfect for when space is tight but still offering all the comfort of a double-ended design. Available in four finish options - polished, painted, primed or raw metal – and in a footed model, too. From £3,420. Shown here hand-painted with Leewood taps designed by Martin Brudnizki, £1,850, in antique brushed brass. Japanese Garden wallpaper by de Gournay. [drummonds-uk.com](http://drummonds-uk.com)
